Published Weekly at 20c Month

How does this brand of weather suit you?

Mrs. C. S. Cutler was visiting relatives in our vicinity the first of the week.

Miss Nellie Parish was absent from school the past week on account of a severe cold.

Put White was in Great Bend Monday with wheat.

Sam Keener and family visited with the Yancy and Parisher families the first of the week.

Dannie Brown has been absent from school for several days on account of a bad cold. We are sorry to hear that he is not any better.

Jeff Yancy was at Olmitz the first of the week rubbering at some new buggies.

B. F. Parish received word that his brother's wife, Mrs. Will Parish of Leoti was dangerously ill.

Sam Keener purchased 12 head of coming three year old cows from Hank Cook for a consideration of \$20 a head.

The Maherville P. O. has recently been changed to Boyd. Can you write it?

Mr. Lile purchased a horse from B. F. Parish.

Hank Cook bought a span of two year old mules from Sam Keener.

Fannie Yancy has been very sick with the measles the past week, but as we go to press today is decidedly better.

IT MATTERS NOT

Whether it is cold or whether it is snowing or blowing, we all have something to do, and something to buy, and just at this time you want to buy what will be of benefit to you and save you money, or make you money.

Now, if you buy the Grain King, all steel and iron feed grinder you have bought the only one that grind large and small grain equally well. Others may grind large grain all right, but small grain, never, unless mixed with the larger.

It is money saved and money made, to get one of our Ocean Wave or White Lily washing machines. The best on the market, the lightest running and made under the new principle. While it does the best work, it is very simple any child can run it. Don't wear your life away with the old wash-board when you can get the Ocean Wave or White Lily washing machine, with it buy the new improved wringer. There are many wringers on the market but the best is always the cheapest.

Waste is shiftlessness and always a loss to the individual that keeps it up, and they wonder why they don't get along like their neighbors and save something. Well, you can and one of the ways is right in the kitchen. Keep one of our Security kitchen safes and you will always have everything in the kitchen in its place. Come in and look at them, and see if we cannot suit you.

We still believe that you cannot afford to be without a buggy, spring wagon or carriage at the terms we are giving you, and the prices we are selling them for. Now don't forget that a cheap rig is expensive in the end and is unsafe to ride in. Buy your buggy from your home merchant and you will get a guarantee from him and from the factory also. The Moon Bros. buggies, spring wagons and carriages, as well as the Velie, are the best made for the money. They have been thoroughly tested and in use in this country for over ten years. They are 10 per cent cheaper than any other buggy of like quality made.

We are just receiving our new stock of wall paper. We are putting in a larger stock than ever before, and we want you to see our new styles and get our prices before you buy elsewhere.

We can do it if you want us to, that is, put a bath tub in your house and if you live in the country, we can put in water works, run by the wind mill. A bath tub in the house is as necessary as food to eat. Cleanliness you know, is akin to godliness. The three thousand pores to every square inch in the skin must be kept open or sickness will follow.

By the way have you a wind mill? We are just receiving a car load of Sampson's wind mills, towers and tanks and they are cheaper than ever before.

We are going to have something to surprise you with. Something you feed but would not buy on account of the price. We have the price and the goods all right, and will show them to you by next month. Don't forget we sell paint. Yours truly,
THE E. R. MOSES MERC. CO.

The Educator would be very much pleased to have some one answer a part or all of the questions. If there are any of them you wish this paper to answer we will be glad to do so on request.

DISTRICT 72.

Did it snow enough to suit you?
The cattle buyers are abroad in the land.

Harry Ford was somewhat bruised up by falling from a hay mow.

An immense amount of wheat is being marketed since the Farmers' Elevator began business.

Mr. and Mrs. Powell of near Dorrance visited with Mr. and Mrs. Worrell a week ago Sunday.

Robert Carl of Blood Creek is staying with H. H. Boyle and attending the Elmdale school.

Grandma Welsh returned last week from her visit to the Indian Territory.

Miss Mary Ford did not go to her school Monday on account of the storm.

On account of the cold weather there was not a very large attendance at church Sunday night. Nine of the new converts were baptized by sprinkling.

There has been a large increase in attendance at Sunday School since the meetings closed. It is hoped the good done will be of lasting benefit.

One of the many handsome young ladies of this neighborhood, Miss Vada Smith, was married last week to a gentleman from Hutchinson. She is a charming young lady and we regret to lose her, however, our loss is his gain, and we wish them a long and happy life together.

Mrs. Shattuck's cousin from Missouri has been stopping with her for a couple of weeks; he is looking up a location with a view of remaining in this country and engaging in Bee culture.

Horse Dentistry a Specialty

Ten years of actual practice enables me to guarantee satisfaction in all cases of Dental and Surgical Work. All horses cheerfully submit to my operations. Dentistry prolongs the lives of many horses and makes them easy keepers and pleasant to handle. I extract abscessed and split teeth and remove all rough jagged points and put the teeth in a natural condition. A horse is very sensitive and appreciates good treatment. Examination free.

DENTISTRY

Dentistry is a necessary treatment to horses. Causes of numerous diseases and disagreeable habits are overcome by dentistry. It is impossible to fatten or condition a horse if his teeth are out of order. When a horse is in need of Veterinary treatment he should be looked after at once for it many times saves the life of the horse. Bad teeth are the cause of many diseases and habits; they lacerate the mouth, causing constant pain and suffering. If a horse cannot properly grind his food he is soon in poor health and doesn't look half his value. After undergoing our treatment they become good lookers, easy keepers, and pleasant to handle. More horses go blind from diseased teeth than all other causes. Bad teeth many times causes a horse to be out of order. Practical experience enables me to guarantee satisfaction in all cases. I treat all curable diseases of the domestic. The best veterinary medicines, freshly prepared. Reasonable charges for prescriptions. Barb wire medicine, gall cure, swine cure, colic cure, liniments of all kinds that are beneficial to the horse. All medicines guaranteed as represented. Cure fistulas of the weathers, pole evil, remove corns, cancer warts, tumors and fungus growths, colic and all enlargements removed at once. I also castrate stallions and captured horses.
